

Small Grants Scheme, Audience Development 2018-19

Guidance Notes

The Small Grant Scheme is part of the West Midlands Museum Development Programme (WMMD), funded by Arts Council England (ACE) and underpinned by ACE's 10 year strategic framework 'Great Arts and Culture for Everyone'.

The aims of the funding:

The Small Grant Scheme can support projects to help museums in the West Midlands increase access to and engagement with their collections.

Grants will support museums who demonstrate how they use their collections and planning to reflect the diversity of their audiences. They need to show evidence of how the ['Creative Case for Diversity'](#) is at the heart of everything they do, from consulting with diverse and underrepresented groups to diversifying their programmes, collections and exhibitions.

All projects should show that they seek to develop and respond to audience development opportunities; improving the services on offer, strengthening sustainability and building resilience.

You might like to consider projects that build on WMMD activity that your museum has previously participated in eg Access Audits, Diversity Champions, Arts and Culture Education Audit, Mystery Shopper etc.

Please Note:

- Previous recipients of the Small Grant Scheme (2015/18) are eligible to apply if projects have been completed to the required terms and conditions
- We recommend that all applications are discussed with your Museum Development Officer (MDO) prior to submission. Your MDO will then update us on any recommendations and the assessment will draw upon this information in its funding decision.
